Subdivision 8. If an employee was suspended without pay and a confirmatory retest or requested confirmatory retest is negative, the employee shall be entitled to full compensation for the period of suspension.

Action after Testing:

Subdivision 1 **Employer Action:** The employer shall not discharge, discipline, discriminate against, request, or require rehabilitation of an employee solely on the basis of a positive test result unless a confirmatory retest has indicated a positive result.

Subdivision 2 **First Offense:** In the event of the first offense under this ordinance, the employee will be referred for an evaluation by a certified chemical use counselor or physician trained in the diagnosis and treatment of chemical dependency. If the evaluation determines that the employee has a chemical dependency or abuse problem, the employer shall give the employee an opportunity to participate in, at the employee's own expense or pursuant to the employee's benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the employer consultation with the professionals performing the analysis of the employee.

Subdivision 3 **Employee Refusal:** If the employee refuses to participate in the complete program, as evidenced by failure to complete the program or a positive test result on a confirmatory test after completion of the program, and alcohol or drug abuse prevents the employee from performing the essential functions of the job in question or constitutes a direct threat to property or the safety of others, the employer may discharge the employee.

Subdivision 4 **Second Offense:** In the event of a second offense, where alcohol or drug abuse prevents the employee from performing the essential functions of the job in question or constitutes a direct threat to property or the safety of others, and where the employee has previously received one program of treatment required by the employer within the last five years while an employee of the City of East Gull Lake, the employee may be discharged from employment.

Subdivision 5 **Suspension or Transfers:** Notwithstanding any other provisions herein, the employer may temporarily suspend the tested employee, or transfer that employee to another position, if available, at the same rate of pay pending the outcome of the confirmatory retest, provided the employer believes it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.

Subdivision 6 **Other Misconduct:** Nothing in this policy limits the right of the employer to discipline or discharge an employee on grounds other than a positive test result in a confirmatory test.

Random Testing:

The City of East Gull Lake **shall not** require random drug/alcohol testing pursuant to Code of Federal Regulations, Title 49 (49CFR), Part 382 unless the City shall require employee(s) to maintain a commercial motor vehicle license and operate a commercial motor vehicle.

Data Privacy:

All data collected, including the notification form and the test reports, are intended for use in determining the suitability of the employee for employment. The employee may refuse to supply the requested data; however, refusal to supply the requested data may affect the person's employment status. The employer will not disclose the test result reports and other information acquired in the drug and alcohol testing process to another employer or a third party individual, governmental agency or private organization without the written consent of the person tested, unless permitted by law or court order.

Notice of Policy to Employees: All employees shall be given a copy of this policy and shall sign a receipt indicating that they have received and reviewed the policy. The Administrator shall be responsible to place a copy of the receipt in the permanent personnel file of each employee.
